Description

Serve beautifully toasted bread with the Linkrich – DS8 – 8 slice commercial bread toaster.

Great for a variety of commercial locations, this pop-up toaster accommodates up to 8 slices of bread at once. Plus, it can toast either sliced bread, offering convenient versatility for the bustling school cafeteria or diner. Just insert the bread, use the knob to adjust the toast time, and press down on the slide control. When finished, the toast springs up for easy access, and the crumb tray makes clean-up a breeze.

Wide Slots

Capable of accommodating 8 slices at a time, this durable, stainless steel unit is perfect for any breakfast bar, hotel, school, or other facility that produces a high-volume of toasted bread products. Each slot is wide.

Timer Knobs

To operate the toaster, twist the large, easy-to-use timer knobs after inserting the bread. The toaster features 1 knobs, which control the slots.

Anti-Jam Function

For maximum performance, the unit includes an anti-jam function to ensure that food doesn't become stuck inside the slots and burn, wasting time and money.
