

Rolling Grills

The CB20

The Roller Grill CB20 fits perfectly beneath any of our rolling grill models to hold your rolls warm and fresh as the perfect compliment to your premium hot dogs. With it's 2/3GN container it can also be used to store cooked hot dogs ready to serve, to cope with higher demand. The CB20 can be used independently as a stand alone warming drawer for bread rolls etc.

Features: humidity and temperature control, power indicator neon.
